Proof℠

Digitize POAs.
Protect Member Trust.

Manual POAs create friction for members and staff: slow to process, hard to verify, and nearly impossible to track. Proof streamlines the experience with identity-verified signers, secure online notarization, and a tamper-proof digital trail that protects every transaction.

Streamlining POA with Proof

✅ **Verify Identity** – Match facial biometrics to government-issued IDs before signing or notarization.

✅ **Notarize Remotely** – Give members 24/7 access to trusted notaries—no branch visit needed.

✅ **Maintain Compliance** – Create tamper-proof audit trails and meet state and federal POA requirements.
